HAD SEVERE FALL FROM MOVING CAR

Mortimer Street Resident Rendered Unconscious in Accident Yesterday

R. P. Smith, aged about 65, living at 709 Mortimer street, stepped from a moving electric car about 7:15 last evening and in falling to the pavement received a very severe scalp wound and shock which rendered him unconscious. He was taken in an automobile to his home.

When the car on which Smith was riding reached Mortimer street, where he was to get off, Smith rose from his seat, and walked off the platform without waiting for the car to stop. The car was stopped almost immediately, and the motorman and conductor returned to his assistance. A number of people soon gathered. It was a few minutes before he regained consciousness. When he did, he inquired what had happened to him and what he had done. He told where he lived, and then lapsed into unconsciousness.

MOTORBIKES CLASH BUT NO ONE HURT

John P. Hayhurst, an employee of the Southern California Edison Co., and Carl Schultz, employed by the Gem Meat Market, collided with each other last night at the corner of Fourth and Main streets. Hayhurst received most of the injury as he was thrown from his machine and fell on the pavement about twenty feet from where the accident occurred. His machine was quite badly smashed up. Schultz escaped practically unharmed, and his motorcycle was not damaged.

Hayhurst was turning north on Main street off of Fourth when Schultz approached, coming from the east on Fourth.

Hayhurst seems to be the victim of hard luck, for in the last three years he has suffered four misfortunes, this one making the fourth. He has had two houses burn down, and once fell from an electric pole while at work on Sycamore street. In this accident he received a broken knee cap which laid him up for three months. Hayhurst lives at 1022 Logan street.

BREAKS UP A COLD AND CURES GRIPPE

Most Severe Cold and Grippe Misery Relieved in a Few Hours

—You can surely end Grippe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken. It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, without interference with your usual duties and with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

RIVALRY ASSURES MANY HOT CONTESTS

Tomorrow is the day of the motorcycle races at the Santa Ana race track. There will be some fast races when the Indian and Excelsior machines get hooked up together. The rivalry between these two machines is of the bitterest and it will be a fight to the finish.

The Merkel people will also be in the scrap with their machines, which are called Flying Merckels, on account of their speed.

The Indian people have secured some of the best amateur dirt track riders in this section to handle their machines and all are in the most confident condition.

Sam Burke and Calvin Lambert will take care of the Excelsior's end of the deal, which will be a "six" and a "four."

It is expected that there will be several outside riders here tomorrow, who have not been heard from. There will be two five mile exhibitions by Herbert Kittle on his Flying Merkel.

The events that have been scheduled are as follows:

- 1—10-mile, stock stripped, 30:50 cubic inches.
- 2—10-mile, stock stripped, 61 cubic inches and under.
- 3—5-mile, free-for-all, 30:50 cubic inches.
- 4—Trial for local dirt track record.
- 5—Match race, five miles.
- 6—Match race for singles, fully equipped.
- 7—25-mile, free-for-all, 61 cubic inches and under.

The races will start at 2 o'clock sharp tomorrow afternoon at the Santa Ana race track.

W. C. T. U. INSTITUTE AT SEASIDE CITY

County Executive Committee Held Meeting Yesterday—Fine Program Rendered

(By Mrs. Lea Warren)
The Orange County W.C.T.U. executive committee meeting and institute was held yesterday at Huntington Beach in the Christian church. The ladies of the Huntington Beach W. C. T. U. had made the church beautiful with many calla lilies and greenery. They also hospitably provided a luncheon which was served cafeteria style at noon, and the members of the executive board thank them for courtesies extended.

The County W.C.T.U. president, Mrs. E. B. Norman, called the meeting to order at 10 a.m. and Mrs. Parks of Huntington Beach led the morning devotionals. Mrs. Lea Warren, county recording secretary, called the roll of officers and superintendents, and read the minutes of the last meeting, held in Garden Grove, Nov. 21. The rest of the morning was taken up with business, and a few words from the superintendents and presidents of the unions of the county.

As Orange county is a prohibition county, it was thought by the meeting that the liquor men have no right to have signs and bills advertising liquors posted on bridges and other prominent places throughout the county. Accordingly a committee was appointed to look into the matter and have the signs abolished if possible.

Greetings were sent to Mrs. J. C. Stearns, superintendent of music, who is ill at her home in Tustin.

Mrs. S. A. Ferris of Los Angeles, state superintendent of anti-narcotics, was present and stated that a movement was on foot by the W. C. T. U. and other organizations to eliminate smoking from the Huntington P. E. depot and other depots in Southern California. A resolution to that effect was passed at this meeting.

It was announced that the county convention will be held in Anaheim April 16-17.

The meeting was adjourned for lunch until 1 p.m., and on reconvening it was decided, owing to the car leaving at 3:35, that the program should be rushed through. For that reason the subject of "Legislation" by Mrs. J. N. Anderson, was not taken up, but will be presented at the county convention in April. The afternoon devotionals were led by Mrs. J. H. Scott.

Mrs. O'Keefe, a very aged lady, recited in an interesting manner a temperance piece. She also recited one before the offering was taken, which was very appropriate.

Mrs. Mason of Huntington Beach, sang a solo, accompanied by her daughter Ruby.

Robt. C. Root, secretary of the Southern California Peace Society, gave a fine address on "Peace Treaties." Rev. Francis Moody, field secretary of the Marriage and Divorce Society, gave a talk along the subject of divorce laws in this state. His object is to get better laws regarding marriage and divorce, and his aim is to use his influence in getting representatives to the legislature who favor reform.

The principal address of the afternoon was given by Mrs. S. A. Ferris of Los Angeles, state superintendent of anti-narcotics. Mrs. Ferris is a live, earnest worker and is accomplishing much good in her department. She stated that the most important work is among the boys. It is said that 85 per cent, some put it even higher, are addicted to the cigarette habit. David Starr Jordan is doing a great work in putting down this habit. Mrs. Ferris urges the teachers of our public schools to enter the essay contests, also for all W.C.T.U. workers to raise their voices in protest against magazines advertising cigarettes. If many boys know of the poison contained in cigarettes, they would not become slaves to them. The noxious cigarette contains five kinds of poison.

It is the boys' worst enemy and must be exterminated. The cigarette makes a boy incapable of holding any responsible position and leads him into the society of the indolent and vicious. It goes hand in hand with impure literature, liquor, morphine and bad habits. It is the curse of the boy's body, mind and soul, the bane of society, and the enemy of true mankind. Mrs. Ferris pleaded to stamp the cigarette out of existence, and give the boy a chance.

"Baseball and Cig-Flends"
In closing her address, Mrs. Ferris quoted the following on "Baseball and Cig-Flends," from the literature of her department:

"The national game has again called 'Come' to every athletic boy in this broad land. Balls are humming, bats are swinging, crowds are shouting, and stalwart 'heroes of the diamond' are making exciting runs and wonderful catches. Every town as well as every city, has its baseball stars, and each new season gives new boys chances to climb up to stardom. There is a class of boys to which no such chance is given. This is the 'cig-flend' class, which includes the tired-out, lifeless, red-eyed victims of the smoking habit. To become a ball star, a boy must have good health. Every enemy of health is an enemy of honest sport, and the cigarette habit is the worst enemy with which ambitious boys have to struggle. Keep it out of your ball club, boys; keep it out of your school, your town, your league! 'The cigarette must go; Let all America say so.'

"ORANGE COUNTY CONSERVATORY OF MUSIC"

Group of Orange County Conservatory Students in Birch Park, Santa Ana, Calif.

A more convincing proof of the success and popularity of the Orange County Conservatory of Music would be hard to find than a record of its enrollments since its organization sixteen months ago. To date there have been exactly three hundred and sixteen (316) enrollments made in its various departments, viz., Piano, Voice, Organ, Violin, Harmony and Theory, Musical History and Musical Kindergarten.

This is an enviable record for so young an institution and well attests the executive as well as educative ability of its founder and Director, Mr. Clarence A. Gustlin.

A busy scene at the Orange County Business College

OUR AIM

A scholarship in the Orange County Business College is worth working for. It has a money value of \$65, and an intrinsic value of many times that amount.

To lay the foundation for a business career.
To teach what the student will use when he gets into business.
To make our graduates our best advertisements, by sending them out satisfied.

To establish the character of the institution by doing all and more than we promise in our catalogue and Circulars.

To base our success upon the thoroughness of our work.

To develop the moral character of the student and cultivate in him a high sense of honor and business integrity.

To prepare our students for high grade positions that have heretofore been filled only by inexperienced bookkeepers and stenographers.

To assist every deserving graduate to a position as soon as he graduates.

To show an interest in our graduates out in the business world just the same as we do in the student pursuing his studies in school.

Not alone to prepare the student for holding high-grade positions, but to give him a broad and solid foundation on which to build a grand, noble and useful manhood or womanhood, crowned with true success.

A Nation's Crime

Outline of Address given by Rev. Francis M. Moody, M. A.,
Field Secretary of State Commission on Marriage and
Divorce before the Santa Ana Civics Club Saturday,
February 17th, 1912, in the City Hall

Man's only inalienable right is the right to know the truth and to walk in its light. If we would remedy the present evil condition of our marriage laws in State and Nation, we must first know what they are, then how they are applied, and with what results.

Then we must ask: What remedial measures are proposed and how can we help to secure them for ourselves and for our children?

The purple tide of corruption flows through lawmakers and lawyers, judges and justices, preachers, priests and people.

The people are the chief transgressors against the performance and purity of the home life in America. It is probably that nearly 150,000 petitions for divorce will be filed in our United States in 1912, and over 100,000 of such petitions will be granted. These decrees of divorce will involve the social and moral welfare of more than 70,000 children, mostly under ten years of age, who will thus be deprived of one or both of their parents.

As a nation we rob our children of their honor and strip them of their glory more shamelessly and for smaller cause than any other nation on the face of the whole earth. Nearly 20,000 divorces were granted in this nation in the twenty years from 1887 to 1906 for which no cause whatsoever was assigned in the court records.

So great is the criminal carelessness of our lawyers and judges in the destruction of American homes. Fifteen thousands of these decrees were not even dated.

The lawmakers of our several states have invented forty-two causes for absolute divorce including everything from "bad temper" to "defamation of character," from "neglect of duty" to "intolerant religious belief," and from "indignities" to "lewd conduct."

In 1906 New Jersey passed a law that a year's absence from home, whether willful or involuntary, is a ground for divorce called desertion. Cruelty, in some states labeled extreme, is almost everywhere intended to include "mental anguish," which means "anything and everything."

California has been the Nation's leader in divorce for nearly forty years. If all the petitions for divorce had been granted in our four leading counties that were filed in the year 1910, the decrees of divorce for those four counties would have numbered 4260.

This would have made the divorce rate for these four counties, Sacramento, San Francisco, Los Angeles and Alameda, more than 100 points higher than the national average on the basis of the decrees that were granted; nearly 200 points higher than the average for the whole State of California in the same year; 223 points higher than Japan's latest record; and 245 points higher than the average for the whole of Continental United States in the same year.

If this tremendous lead is not large enough to command instant and vigorous attention, when will it become so?

The proposed remedies are, first, to work for the submission to the people of an amendment to the Federal Constitution that will make possible a uniform Federal law governing all questions of marriage and divorce.

But some improvements to our state laws are needed at once. We greatly need that the law shall require the district attorney to contest every case for divorce or annulment of marriage, in behalf of the state, that all fraud may be uncovered and all perjury punished.

Three quarters of all the superior court judges in our ten leading counties asked the legislature to pass the two bills securing this protection of our children from the shame of fraudulent divorces. Judge Bordwell of Los Angeles, Judge Graham of San Francisco and Judge West of Santa Ana were among the strongest supporters of these bills. They passed the Senate without opposition but were "held up" by the persistent opposition of the certain lawyers of the Assembly Judiciary Committee, who were not ashamed to say that they believed that any one who wants a divorce should have it, or that they did not want the district attorney butting into their cases.

The law should require that five days' notice must be given to the county clerk before a marriage license can be granted. This law is meant to uncover fraud in obtaining the marriage license, and to furnish some slight check to hasty and ill-considered marriages.

The law should be amended so as to secure the punishment of the single act of adultery, and the suitable punishment of the seducers of young girls.

By voting for men of true and tried honor you can get these laws, all of them.

NO CAUSE TO DOUBT

A Statement of Facts Backed by a Strong Guarantee

—We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Real Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowels, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Real Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. Remember, you can obtain Real Orderlies in Santa Ana only at our store, The Rexall Store, Wheeler & Mateer Drug Co., 104 West Fourth St.

FREAK REFORMERS, HUH!

You must not take too seriously the reactionary talk about California's freak reformers, especially our legislative reformers. To be a freak a thing must be wholly out of the ordinary—nothing else like it anywhere.

But there are many reformers like those in California. The last few months will soon become known as a period of legislative reform. It was not so long ago that Missouri passed a law providing for widows and all their children under 14, and Illinois immediately proceeded to enact a similar law.

And now comes the most astonishing bit of recent legislation proposed in Massachusetts. The commonwealth investigated 13,845 women wage workers of four occupations, and found a vast number of them earning less than \$5 a week. But it costs them more than that to live, and the rest must be made up in some way.

Collier's says that the purpose of this legislation is to check the clearly ascertained tendency of wages to become much less than the actual earnings. It is well that men are beginning to see that tendency. As a matter of fact, that tendency has been a fact in more industries than one. All that is to be hoped now is that the minimum wage will not act as a teaser to starvation.

It may happen that the committee of not-underfed-senators who are to determine this minimum wage may be able to bring out some startling figures on how cheap a widow or an unmarried young woman can live, but if they do, Massachusetts will deal itself a black eye which no amount of raw beef will heal.

University professors and business men all over Massachusetts endorse the new bill. The business men say that low wages may have been the cause for industrial incompetency, and that employers with better wages to offer will get better men. How queer that they did not try that before the bill was passed. And how surprising that they did not know that a better fed horse is capable of pulling a bigger load than a hungry one.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning

—Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

A Delicious Fruit Food

Ideal Not-a-Seed Raisins. Fine for children. Excellent for cooking, clean, wholesome nutritious and economical. Their grape sugar is a great energy producer and a fuel to the human system.

Never sold in bulk. A large collection of raisin recipes printed on each package. We have the genuine. Price 12¢ per large package.

Seeded Muscatel Raisins, 8 1-3 cents per package.

ROOSEVELT DECLARES POLICIES; LINES UP WITH PROGRESSIVES

(Continued from page one)

ends of government, Col. Roosevelt plainly outlined his views as to what he believed to be the best methods needed at this time under existing social and industrial conditions. He said:

"In the first place, I believe in the short ballot. The type of boss who has made the name of politician odious rarely himself runs for high elective office; and if he does and is elected, the people have only themselves to blame. The professional politician and the professional lobbyist thrive most rankly under a system which provided a multitude of elective offices, of such divided responsibility and of such obscurity that the public knows, and can know, but little as to their duties and the way they perform them. You will get best service when you elect only a few men, and when each man has his definite duties and responsibilities and is obliged to work in the open.

I believe in providing for direct nominations by the people, including therein direct preferential primaries for the election of delegates to the national nominating conventions. Not as a matter of theory, but as a matter of fact, and proved experience, we find that the convention system, while it often records the popular will, is also often used by adroit politicians as a method of thwarting the popular will.

I believe in the election of United States senators by direct vote. Just as actual experience convinced our people that presidents should be elected (as they now are) in practice, although not in theory, by direct vote of the people instead of by indirect vote of the people through an untrammelled electoral college, so actual experience has convinced us that senators should be elected by direct vote of the people instead of indirectly through the various legislatures.

I believe in the initiative and the referendum, which should be used not to destroy representative government, but to correct it whenever it becomes misrepresentative. If in any state the people are themselves satisfied with their present representative system, then it is, of course, their right to keep that system unchanged, and it is nobody's business but theirs. But in actual practice, it has been found in very many states that legislative bodies have not been responsive to the popular will. Therefore, I believe that the state should provide for the possibility of direct popular action in order to make good such legislative failure. The power to invoke such direct action, both initiative and by referendum, should be provided in such fashion as to prevent its being used wantonly or too frequently used. I do not believe that it should be made the easy or ordinary way of taking action. In the great majority of cases, it is far better that action in legislative matters should be taken by those specially delegated to perform the task; in other words, that the work should be done by the experts chosen to perform it. But where the men thus delegated fail to perform their duty, then it should be in the power of the people themselves to perform the duty.

Upholds the Recall
As to the recall, I do not believe that there is any great necessity for it as regards short-term elective offices. On abstract grounds, I was originally inclined to be hostile to it. I know of one case where it was actually used with mischievous results. On the other hand, in three cases in municipalities on the Pacific coast, which have come to my knowledge, it was used with excellent results. I believe it should be generally provided for, but with such restrictions as would make it a widespread and genuine public feeling among a majority of the voters.

Then remains the question of the recall of judges. One of the ablest jurists in the United States, a veteran in the service to the people, recently wrote me as follows on this subject: "There are two causes of the agitation for the recall as applied to judges. First, the administration of justice has withdrawn from life and become artificial and technical. The recall is not so much a recall of judges from office as it is a recall of the administration of justice back to life so that it shall become, as it ought to be, the most efficient of all agencies for making this earth a better place to live in. Judges have set their rules above life. Like the Pharisees of old, they have said, 'The people be accused, they know not the law.' (That is our rule.)"

Courts have repeatedly defeated the aroused morals of a whole commonwealth. Take the example of the St. Louis hoodlums. Their guilt was plain and, in the main, confessed. The whole state was aroused and outraged by an instinct that goes to every foundation of all social order, they demanded that the guilty be punished. The hoodlums were convicted, but the Supreme Court of Missouri, never questioning their guilt, set their conviction aside upon purely technical grounds. The same thing occurred in California. Nero, fiddling over burning Rome, was a patriot and statesman in comparison with judges who thus trifle with and frustrate the aroused moral sentiment of a great people, for that sentiment is politically the vital breath of both state and nation. It is to recall the administration of justice back from such practices that the recent agitation has arisen.

Second, by the abuse of the power to declare laws unconstitutional, the courts have become a law-making, instead of law-enforcing agency. It is the courts, not the legislatures, that are at fault. It is only by the process which James Russell Lowell, when answering the critics of Lincoln, called "pettifoggery of the constitution," that constitutions which were designed to protect society can thus be made to defeat the common good. Here again the recall is a recall of the administration of justice back from academical refinements to social service. There is no public servant and no private man whom I place above a judge of the best type and very few whom I rank beside him. I

believe in the cumulative value of the law, and in its value as an impersonal, disinterested basis of control. I believe in the necessity for the courts' interpretation of the law as law without the power to change the law or to substitute some other thing than law for it. But I agree with every great jurist, from Marshall downward, when I say that every judge is bound to consider two separate elements in his decision of a case—one the terms of the law, and the other, conditions of actual life to which the law is to be applied. The justice between man and man, between the state and its citizens, is a living thing, whereas legalistic justice is a dead thing.

Our aim is to get the type of judge that I have described, to keep him on the bench as long as possible, and to keep off the bench and, if necessary, take off the bench, the wrong type of judge.

Each community has a right to try the experiment for itself in whatever shape it pleases. Under the conditions set forth in the extract from the letter given above, I would personally have favored the recall of judges, both in California and in Missouri, for no damage that could have been done by the recall would have equalled the damage done to the community by judges whose conduct had revolted not only the spirit of justice, but the spirit of common sense.

I do not believe in adopting the recall as a last resort, when it has become clearly evident that no other course will achieve the desired result. But either the recall will have to be adopted or else it will have to be made much easier than it now is to get rid, not merely of a bad judge, but of a judge who, however virtuous, has grown so out of touch with social needs and facts that he is unfit longer to render good service on the bench.

It is nonsense to say that impeachment meets the difficulty. In actual practice, we have found that impeachment does not work. Where such is the actual fact, it is idle to discuss the theory of the case. A quicker, a more summary remedy, is needed, some remedy at least as summary and as drastic as that embodied in the Massachusetts constitution. And whenever it be found in actual practice that such remedies do not give the needed results, I would unhesitatingly adopt the recall.

But there is one kind of recall in which I very earnestly believe, and the immediate adoption of which I urge. Every public servant, no matter how valuable, and not omitting Washington or Lincoln or Marshall, at times make mistakes. Therefore, we should be cautious about recalling the judge and we should be cautious about interfering in any way with the judge in decisions which he makes in the ordinary course as between individuals. But when a judge decides a constitutional question when he decides what the people as a whole can or cannot do, the people should have the right to recall that decision if they think it wrong. We should hold the judiciary in all respect, but it is both absurd and degrading to make a fetish of a judge or of anyone else.

Abraham Lincoln said in his first inaugural:

"If the policy of the government upon vital questions affecting the whole people is to be irrevocably fixed by decisions of the Supreme Court . . . the people will have ceased to be their own rulers, having to that extent practically resigned their government into the hands of that eminent tribunal. Nor is there in this view any assault upon the courts or judges."

I do not say that the people are infallible. But I do say that our whole history shows that the American people are more often sound in their decisions than is the case with any of the governmental bodies to whom for their convenience they have delegated portions of their power.

If this is not so, then there is no justification for the existence of our government; and if it is so, then there is no justification for refusing to give the people the real, and not merely the nominal, ultimate decision on questions of constitutional law. Just as the people, and not the Supreme Court, are the final arbiters of the vital questions of their day, so I hold that now the American people as a whole have shown themselves wiser than the courts in the way they have approached and dealt with such vital questions of our day, as those concerning the proper control of big corporations and of securing their rights to industrial workers.

Saying that he was not dealing with theories but facts, Roosevelt cited the decision of the Court of Appeals of New York declaring the workmen's compensation act as unconstitutional, and virtually saying by the decision that while wrongs existed "we could not remedy these wrongs unless we amended the constitution of the nation by saying that property shall be taken without due process of law." Roosevelt declared this a flagrant decision and said "most emphatically I do wish that the people should have the right to recall the decision itself and authoritatively to stamp with disapproval what cannot but seem to the ordinary plain citizen a monstrous misconstruction of the constitution, a monstrous perversion of the constitution into an instrument for the perpetuation of social and industrial wrong, and for the oppression of the weak and helpless."

body, no less than those of the mind and the soul.

DR. WASHINGTON GLADDEN WAS HOST TO ROOSEVELT COLUMBUS, Feb. 21.—Col. Roosevelt arrived here at 10 o'clock this morning. He was met by Dr. Washington Gladden, who was his host during his visit. Although several progressive conferences took place here, Roosevelt did not participate in them.

Thousands greeted Roosevelt at the railway station, cheering and calling for a speech. The Colonel waved his hand, but refused to talk, and then hurried to the Gladden home.

Thousands lined the streets despite the intense cold, and cheered Roosevelt en route to the station, returning to New York. At the state house Roosevelt greeted John Fackler and Walter Brown, leaders of the Ohio Roosevelt movement. Roosevelt's mention of La Follette during his speech won applause.

The Santa Ana High baseball team "books up" with the bunch from Pomona College at Lincoln Park tomorrow at 2:30. The collegians are one of the fastest teams in college ranks in California and the game will give local rooters a chance to see how the high school boys rank with the older brothers.

Shutt, the Pomona catcher, is the famous "half" of the college's football team of last fall. It is reported that he is to go into professional ball in the northwest at the close of school next June.

The Santa Ana team will line up with Barker and Pease as battery, "Bill" Vawter at first, Corrallo, Carver and Younger at second, third and short, and Walters, "Little Spud" and Ball in the field. On the bench will be McPhee, McGaffey, Pete Duhart and "Big Spud," all new men and comers. Bill Warren is out of the game for the time because of illness and "Shorty" Smith is doing track instead of baseball.

Dubols and Brown are practicing with the high school boys getting ready for the "pro" ranks and are of great assistance to the coaches in teaching the boys the finer points of the game.

NO REASON FOR IT

When Santa Ana Citizens Show the Way

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Santa Ana citizen says:

W. A. Irvine, 818 E. St., Santa Ana, Calif., says: "I am as firm a believer in Doan's Kidney Pills now as when I publicly vouched for their merits in March 1907. The praise I give Doan's Kidney Pills is duly warranted, as their use has brought me relief on a number of occasions from backache, and sharp pains through my loins. This medicine which was procured at Wheeler and Mateer's Drug Store, has also been helpful in other ways, relieving soreness through my kidneys and regulating the passages of the kidney secretions."

Says Socialism in Germany is Economic

Editor of the Register:—The editorial in the Register of last Saturday saying that the German socialist movement is political and not economic, as in this country, is misleading. Socialists the world over follow nearly the same lines. Socialism is both political and economic, and the socialist party always works from conditions as found when they begin. In Germany they have a monarchy to deal with; here we have a money oligarchy; but both countries and all civilized nations have capitalism which is always entrenched behind the ruling powers. For this reason the socialists must enter politics and get control of governmental powers in order that they may put their economic plans in operation. Socialism is a growth following natural lines of evolutionary progress, and the economic basis is always the same; demanding the equality of opportunity for all and the public collective ownership and democratic control of all things necessary to society.

S. A. H. S. "RUBE" DAY

Seniors Made Merry Yesterday In Ludicrous Make-ups—Picnic Dinner

(By one of the "Rubes") Yesterday was "rube" day at the high school. The senior class were the "rubes."

About 8:15 in the morning residents in the vicinity of North French street were surprised to see a number of "rubies" assembled in the little auditorium. The mystery was soon cleared, however, when they saw grinning schoolgirls with their tin dinner pails and more "rubies," all noisily making their way to the park. It was indeed a strange company gathered there. One or two tramps, who had dropped off on their way to San Diego, a few backwoodsmen from the San Joaquin, and four or five gentlemen farmers from around Watts with a large number of pretty farmers' daughters, hair bodied "pigtail" style, made up the jolly party.

At 8:20 the bunch marched to the assembly hall where they separated for the various classes. At noon the "rubies," with their class teachers, Miss Wyant and Mr. Egan, took their dinner pails to Birch Park where the country "rubies" proved their ability as cooks. (No deaths have been reported as yet, although two or three suffered with severe pains throughout the afternoon.) After the spread, "drop the handkerchief" and similar games were played until school time, when all reluctantly went back to the afternoon classes.

It was the best hunt ever and everybody enjoyed themselves immensely.

Musician's Success

The many friends of Miss Minerva Hill, who for several months last spring and summer was engaged as leading contralto in the choir of the First M. E. Church of Santa Ana, will be interested to learn that on Feb. 6th, she finished the course in conservatory of music, Boston, and graduated with the highest mark of anyone in the class; also the highest mark possible to attain. Miss Hill's home is in Boston and it was while visiting relatives in Santa Ana last year that she sang at the M. E. church. Miss Hill made many friends here and became much attached to Santa Ana and Southern California. In letters to friends she often expresses a hope of revisiting this region soon.

Woman's Club

A parliamentary drill led by Mrs. Marks occupied the larger part of the afternoon at the Woman's Club yesterday afternoon. The subject of subsidiary, incidental and privileged motions was discussed, and much perplexed even those most familiar with that sort of usage. So the combined knowledge of all was required to steer successfully past the "amendments to the amendments" and kindred difficulties. The subject will be continued next meeting.

It was voted to extend a letter of sympathy to Mrs. H. H. Bonney in her bereavement.

The meeting of March 5th will be held at the home of Mrs. Mansour, corner of Washington avenue and North Main street.

Baptist C. E.'s Dinner

The Christian Endeavor of the First Baptist church held its regular monthly business meeting last evening at the church. Dinner was served to about twenty-four members at 6 o'clock, the business of the society being discussed later as the guests sat around the tables.

WON GOLD MEDAL

Miss Helen Bainbridge of Tustin Was Successful In Medal Contest

Miss Helen Bainbridge of Tustin was the winner of the gold medal in the W. C. T. U. medal contest held last night at Huntington Beach. The other contestants were Horace Shafer of Tustin in the "Convicts Warning," Ella Davis of Santa Ana in "Shadows," Wm. Peterman of Santa Ana in "Personal Liberty Laws," Victor Robinson of Santa Ana in "How Can We Kill Saloons?" Henrietta Dickinson of Westminster in "Who Killed Joe's Baby?" Miss Bainbridge's recitation was "College Oil Cans."

The judges were Misses Gardner and Gleases, and Louis Paul Hart. Rev. Harlow led the devotionals and Miss Pearl Crompton sang two solos.

Interesting Lecture

A very interesting and instructive lecture was given last evening at the Unitarian church by Rev. William T. Lawrence, of Boston. He will speak again this evening at the same place at 7:30. No charges of any kind are made, and everybody is welcome.

Ebell Society

The Ebell Society promises a delightful meeting for the coming Saturday. A musical program will be given by Miss Nell Lockwood McCune, contralto, and Mrs. M. Henderson Robinson, pianist, the latter acting as accompanist and soloist.

All those desiring to avail themselves of the course of four lectures on "Current Events" to be given by Mrs. Lou V. Chapin on the second Saturday of each month, may secure tickets at the close of the Ebell meeting on Saturday. Others than members can avail themselves of this course.

Beautiful Party

A beautiful party was that given Saturday afternoon by Mrs. F. B. Case and her daughter, Mrs. William Malone, at their home on North Broadway.

What was the diversion of the afternoon, there being eleven tables of players. Mrs. C. S. Kendall captured the first prize, an exquisite Irish point jabot, Mrs. Arthur Lyon the second, a nest of baskets, and Mrs. Florence Whitte the consolation, a book.

A delicious two-course collation was served on the small tables, each table being made attractive by a basket of maiden hair ferns.

Bridge Whist

Mrs. Arthur Lyon entertained the Bridge Whist Club at her home on North Bush street yesterday afternoon. The club prize was awarded Mrs. Hiram Connell, the consolation being bestowed upon Miss Rosa Boyd. Refreshments were served following the games.

Recital Tonight

A splendid recital has been planned for tonight at the First Baptist church. Percy K. Lusk, organist, assisted by William Augustus Benjamin, tenor, and a male quartette comprising I. W. Van Cleave, first tenor; Merle Ramsey, second tenor; Lou P. Hickox, baritone, and Verne Williamson, basso. A silver collection will be taken at the door. The program is as follows:

Prelude and Fugue, C minor (Bach)
Gavotte from "Mignon" (Thomas)
Angus Macdonald (Jos. Reckel)
Slumber Song (Garret Smith)
To My First Love (Irish) (Herman Lohr)
Mr. Benjamin
Spring Song (Mendelssohn)
Still Wie Die Nacht (Carl Bohm)
Silver Threads Among the Gold (H. P. Danks)
Mr. Benjamin and Male Quartette.
March from "Hochza, rtmusic" (Adolf Jensen).

OPPORTUNITY!
Do you realize what it means? It is knocking at our doors. Shall we leave them closed?

Land investments in the Salt River Valley, Arizona, watered by the great Roosevelt Reservoir with a capacity of 1,300,000 acre feet. It is the largest dam in America, furnishing water for over 240,000 acres of splendid land, which if it did not rain a drop for three years, would be sufficient to irrigate this vast area. Are we going to take advantage of the opportunity of acquiring some of this land while the prices are low, or as many of us have done in the past, in a little while say (when prices have become high), if we had done so and so we would have been glad to own a great deal of this land under cultivation, in alfalfa that will yield from seven to ten tons per acre, and at present prices one season's crop will nearly pay for the land. The soil is fine silt loam and the land is nearly level, just enough slope to make irrigation easy.

Alfalfa, wheat, barley, oats, corn of different varieties and sugar beets are the staple products of this valley. Thousands of cattle are fattened here; also sheep and hogs. Many kinds of fruits do well. Also all kinds of berries.

We have given you only a brief idea of this valley and would be glad to have you talk it over with us. We have the agency for these lands and have taken it only on our personal investigations of the same; we can describe it so that you will find it just as we represent. We have no desire to encourage people to go away from this country, only that we might be able to help them to get what they want. The government will furnish water for 160 acres only to any one person. The water is ditched to all this land by the government, and is ready for use now. We surely think this better than wasting time on undeveloped arid desert lands, when you have water, several railroads, street car service, good towns, a splendid home market, near the capital of the state with its many advantages. And one of the very best sections of country we have ever been able to secure an agency for. This land is selling fast and prices are bound to advance. If you are interested it would be well to investigate as soon as possible in order to get the best possible price. We encourage your investigation of our methods, and solicit your patronage.

Respectfully,
C. AIN & DRAKE,
Agents for Chandler Ranch,
201 West Fourth St., Santa Ana, Cal.

The Northern Part of the County NEW TOWN IS TO ENTERTAIN

STANTON, Feb. 21.—The citizens of Stanton are preparing to give a "joy ride" to all visitors on George Washington's Birthday. Arrangements have been made to have twenty or thirty machines at the disposal of the committee so that everyone can be given a drive through the agricultural district which is tributary to this place.

Members of the committee will meet the Pacific Electric cars at Stanton. Everyone will be welcome to the entertainment, which will, doubtless, appeal to many, as it gives an opportunity to visit the peat lands and celery fields on the south, the sugar beet district on the west, and the Valencia orange groves and walnut orchards on the north.

NEWS BRIEFS

The Stanton City Lumber Company has commenced building their foundations and sheds for the storing of lumber and have several cars of stock lumber en route.

Ridenour & Riley, cement contractors, have received a carload of cement and are commencing work on the sidewalk and curbs on Stanton avenue. This street will be eighty feet wide and will never be disfigured by pole lines as under the restrictions all pole lines and pipe lines must go on the alleys.

Messrs. McClure and Stamates, who are establishing an eight-page weekly newspaper here, to be known as the "Stanton Optimist," will have the initial number out this week so as to be distributed on Washington's Birthday.

Hold your order for the New Reo the Fifth, the only car, with a self starter and right hand center control, selling for less than \$3000.00.

DRAMATIC SECTION GIVES FINE COMEDY

The Farce, "Dinner at the Club" Was Presented in a Pleasing Manner

ANAHEIM, Feb. 21.—"Dinner at the club" was the title of a one act comedy farce presented last Monday night in the K. C. hall by the dramatic section of the Ebell Society. The hall was packed and the members taking part were heartily applauded. The farce was presented in a pleasing manner and every one enjoyed it very much.

After the play the evening was spent in whist. The ladies first prize was a hand painted plate and was won by Mrs. Irving, and the gentleman's first prize, a thermos bottle was won by F. A. Backs. Refreshments of trappé and splendid home made cake were served during the evening.

The cast of characters were Mrs. Carter, Miss Janss, president of the club; Mrs. Holmes, a new member, Mrs. Parker.

The following were members of the club: Mrs. Emery, Mrs. Kemper; Mrs. Preston, Mrs. Terry; Mrs. Hunter, Mrs. Chamberlain; Miss Sylvester, Mrs. Zeus; Mrs. White, Mrs. Cotter; Mrs. Greene, Miss Erickson; Mrs. Slow, Miss Wiperman, Francis Emery, daughter of Mrs. Emery, was Miss Cook; Clarice Hunter, daughter of Mrs. Hunter, was Miss Chamberlain; Nickolson the butler was Mrs. Marsh.

The farce was a great success dramatically and financially.

LOS ANGELES PRODUCE MARKET
Business was inclined to be dull yesterday. There was only a fair passing trade and shipments to outside points were light. Eggs were the feature of the day's trading. Prices dropped 1½ cents on both candied selects and case-counts, following the ½-cent decline on Monday. For several days local handlers have been unable to ship eggs to the northern markets as prices there are about on the same level. Receipts are increasing, and with no shipping outlet prices as a result are low, therefore it is likely that the present quotations of 24 cents on candied and 20 cents on ranch case-count stock will be the bottom for the present. Receipts were 474 cases.

The firm tone which has been manifest in the butter market for some time was again shown yesterday. Creamery extras and firsts were firmly upheld. Notwithstanding heavy arrivals the market showed a strong undercurrent of strength. Arrivals were 47,890 pounds.

The market on Highlands and Lompoc potatoes was firm under the revised quotations. The outside range of \$2.10 on Highlands was well received. Lompocs moved well at from \$2.40 to \$2.50 per hundredweight. Arrivals were 1732 sacks. Arrivals of onions were a trifle more liberal but the market was so depleted the arrivals were used to fill orders that have been standing for some time. The market maintained its firmness and very little stock of the yellow variety moved under \$2.25 per hundredweight. Receipts were 300 sacks.

The bean market was firm on most varieties. No. 1 pinks were in best call. Arrivals were 575 sacks. Sweet potatoes continued easy at yesterday's quotations. A fair movement was reported. Receipts were 186 sacks.

In the apple market no change was shown. There was a fair demand for the larger sized stock, which sold at full figures.

The only change noted in the green vegetable market was the advance of 25 cents on Mexican tomatoes. The stock sold yesterday at \$2 a lug box. Local tomatoes are about cleaned up, very few were seen on the market, and these were of such poor quality that they received very little consideration from prospective buyers.

IN THE JUSTICE'S COURT

HE KNEW HIS COMRADE WELL

Boys Who Sold Diamond Ring

Here Were Formerly in the State School at Iona

"There is no use talking to him, because he is a bigger liar than I am."

This was the remark made by Chester Smith in the justice's court this morning, after he had been given a ninety-day furlough. The remark concerned David Winegarten, who has posed as Smith's brother.

"That is impossible," replied Justice Cox.

The two young men were arrested on vagrancy charges after they had disposed of a diamond ring, believed to have been stolen. They declared they were brothers, here from the east. Sheriff Ruddock took their photographs and sent them out over the state, with the result that he learned that they had been in the reform school at Iona. This morning Chester Smith came up for hearing. He had given the name of William Smith.

He admitted that he was sent to Iona for placing ties on a railroad track at San Diego. Until he found out that the justice knew this fact,

Fine Watch Repairing

Carl G. Strock

112 East Fourth St.

Smith denied it.

He said his mother's name was Smith, and he had a stepfather named Smith.

"Was this supposed brother of yours ever in Iona?"

"No."

"How about this letter?" Here the justice read the letter in which it was stated by the superintendent of the school that Winegarten was a thief pure and simple, and had no redeeming features in his make-up, that he had served a term at Iona, that Chester Smith was rather weak-minded and had been let out on parole to be in charge of his sister, Mrs. Edward Lingenfelder of Alhambra.

"If you should happen to tell the truth, you would fall back dead," said the justice.

"There is no danger of me dying that way," replied Smith.

When Winegarten was brought in he declared his name to be Smith until the justice asked him if he had ever heard of Winegarten.

"You've got the dope on me," he said, "but I go by both names."

Winegarten pleaded not guilty, and will be tried Friday. Smith was allowed to go on probation.

They Paid Fines

G. W. Charles, T. L. Ahit and C. M. Allen yesterday afternoon pleaded guilty to aiding and abetting the night that occurred Monday night between E. C. Ramsey and Ernest Litten, and paid \$5 fines.

Is Fined \$100

Jose Nunez was tried by jury in the justice's court today and found guilty of stealing walnuts from John Cook of Placentia. Cook positively identified a sack of nuts stolen from him and found in Nunez's possession. Nunez went to jail, but he may be able to pay the fine.

Pay \$10 Each

William Clabney and Charles Eckols paid \$10 each today after pleading guilty to disturbing the peace of Fred Morgan. Morgan was riding a bicycle when the two men passed him in an automobile. One of them leaned out and slapped him over the head with a hat. This angered Morgan and he expressed himself in a manner that caused Clabney to get out of the machine and punch him in the face.

AT THE COURT HOUSE

MARTINEZ IS FOUND GUILTY

Verdict of Murder in the Second Degree Was Brought In This Afternoon

At 2 o'clock this afternoon a verdict of murder in the second degree was brought in by the jury that tried Lorenzo Martinez on a charge of murdering Ysabel Hernandez at the Santa Fe section house in this city. The jury went out at 10 o'clock this morning. Two of the jurors wanted to bring in a verdict guilty of a higher degree.

For second degree murder the sentence provided is not less than ten years in prison.

Martinez's wife, a Mexican woman, sat beside him throughout the trial. Several witnesses testified that Martinez stabbed Hernandez in a quarrel over a bottle of brandy. Martinez declared that Hernandez was killed by Ysabel Mendoza in a quarrel over a woman, but Mendoza produced no corroboration.

Sold at Auction

Sheriff Ruddock under orders of court this morning sold at auction a half interest in lots 5 and 7, block 460, Huntington Beach. The property was sold on a judgment of \$406.64 entered in favor of J. E. Stone against G. Delozier. Stone through his attorney, H. C. Head, bid in the property at \$200.

**THE LAST WORD ON COMFORT**

Have You Heard About The Electric Pad?

These are its merits in a nut shell. It is an electrically heated warming pad, that takes the place of those leaky hot water bags, and the hot bricks that scorch the sheets and sometimes burn up the bedding.

It is automatic—you turn the switch and go to sleep—a thermostat shuts off the current when the temperature rises to the comfort limit.

It means ready relief from rheumatism, sciatics, neuralgia, and other aches and pains. It is quick comfort for cold feet. It is the Porch sleeper's friend.
